

Machinery Specification

(#5302)

TYPE: Vertical type, Traveling Head, Hydraulic Straightening Press

CAPACITY: 75 ton

MFG: Mavilor

DESIGN: Traveling head – hand geared manual type

TAILSTOCKS: Two, adjustable height, hydraulic powered rotate - 40" to 210" centers

ANVILS: Movable distance – Note- tail stocks can be removed for longer bars

CYLINDER: Hydraulic – 8" diameter

DIMENSIONS: 45" wide x 236" long x 100" high

WEIGHT: 8000# Approximate

EQUIPMENT:

Straightening press with frame and anvils
Hydraulics cylinder unit with valves
Hydraulic pump, tank and electric motor
Controls,

CONDITION: Good
