

Machinery Specification

(#5303)

TYPE: Vertical type, Traveling Head, Hydraulic Straightening Press

CAPACITY: 50 ton

MFG: Mavilor

DESIGN: Traveling head

TAILSTOCKS: Two, powered rotate - 70" between centers

ANVILS: Movable distance – Note tail stocks can be removed for longer bars

CYLINDER: Hydraulic – 5-1/8" diameter

DIMENSIONS: 36" wide x 110" long x 86" high

EQUIPMENT:

Straightening press with frame and anvils
Hydraulics cylinder unit with valves
Hydraulic pump, tank and electric motor
Controls,

CONDITION: Good
